if you re starting a new business or planning your business s future there are plenty of things you should take into account strategic planning for dummies covers everything you need to know to develop a plan for building and maintaining a competitive advantage no matter what business you re in written by erica olsen founder and president of a business development firm that helps entrepreneurial minded businesses plan for a successful future this handy guide covers all the basics including how a strategic plan is different than a business plan establishing a step based planning process planning for and encouraging growth taking a long view of your organization evaluating past performance defining and refining your mission values and vision sizing up your current situation examining your industry landscape setting your strategic priorities planning for unknown contingencies if you re in business you have to plan for everything especially if you intend your business to grow whether you re planning for a small business large conglomerate nonprofit or even a government agency

this book has the planning specifics you need for your organization step by step you ll learn how to lay the foundations for a plan understand how your plan will affect your business form planning teams discover what your strengths are see where you are and finally plan where you re going and there s much more learn to analyze business trends that will determine your business s future set measurable realistic goals that you can plan for and achieve make strategic planning a habitual part of the organization prioritize multiple strategies that you can implement simultaneously set a defining vision for the organization that guides all your planning and strategy this friendly simple guide puts the power of strategic planning in the palm of your hand for small businesses that can t afford to hire strategic planning consultants it s even more imperative careful constant planning is the only way to handle an uncertain business future with this book you ll have all the step by step guidance you need to ensure you re ready for anything that comes

any book on planning has to be easy to read and full of examples on how to do it with forms and illustrations that is exactly what this book is and why it is called a guidebook the fact that most people do not plan well is well documented by the demographics of the population and the economic situation that a growing senior population is faced with now due to poor planning or no planning earlier in their lives since company s are run by people they exhibit the idiosyncrasies of the people who run them many company s do not have strategic plans or operating plans some firms do not even have a budget and operate on a day by day basis the obvious result of this is crisis management cash flow problems and the constant risk of going out of business many company s both large and small have disappeared due to the lack of a plan and this has been well documented in the business press managers do not have a plan for their business because they do not have a plan for themselves planning is not something that we are born with a natural ability to do well or in many cases at all planning is a learned skill and there is a need for simple step by step guides which is what this book is about it has been written as a result of years of experience that the author has had working with hundreds of company s the

foundation for the book is a process that the author calls the plan for planning a five step exercise that he has used to help managers build business plans for their company s it is a proven formula that has resulted in increased profitability operational efficiencies and the optimization of the overall allocation of resources for the author s clients it also has been the basis for the development of executive level seminars by the author that have been promoted and implemented by business week and inc magazine domestically and frost sullivan internationally the initial publication of this book was by inc as a result of the success of the seminar series for their audience growing firms articles have been written about the plan for planning process and it has been instrumental in the development of business plans that have resulted in company s being sold for a premium to the shareholders as a result of the quality of the business planning process the book has been used by many managers and in some cases continues to be a reference guide for the new businesses that they have become involved with it is really an easy to use guide for developing a business strategic plan for any business

powerful planning skills is an easy to read guide to planning skills that can make a huge difference in personal productivity and in the performance of an entire organization this book can change the way we evaluate projects and problems as well as help master the essential art of increasing productivity powerful planning skills provide the tools necessary to chart the right course personally and professionally and continually evaluate the progress ensuring the user will obtain their goals
