the pañcatantra is the most famous collection of fables in india and was one of the earliest indian books to be translated into western languages it teaches the principles of good government and public policy through the medium of animal stories providing a window onto ancient indian society this new translation vividly reveals the story telling powers of the original author while detailed notes illuminate aspects of ancient indian society and religion to the non specialist reader

transmedia storytelling is defined as a process where integral elements of fiction get dispersed systematically across multiple delivery channels to create a unified and coordinated entertainment experience this process and its narrative models have had an increasing influence on the academic world in addressing both theoretical and practical dimensions of transmedia storytelling the handbook of research on transmedia storytelling and narrative strategies is a critical scholarly resource that explores the connections between consumers of media content and information parts that come from multimedia platforms as well as the concepts of narration and narrative styles featuring coverage on a wide range of topics such as augmented reality digital society and marketing strategies this book explores narration as a method of relating to consumers this book is ideal for advertising professionals creative directors academicians scriptwriters researchers and upper level graduate students seeking current research on narrative marketing strategies

a discussion of the rich written heritage of the old and middle irish period 600 1200 chapters deal with such topics as druids monks poets the beginnings of writing manuscripts saga cycles and stories about kings kingship and sovereignty goddesses

pentecostal interpretation of biblical texts starts with the reader experiencing the revelation of the spirit in the biblical narrative and leads to the reader witnessing about the spiritual experience in terms that is reminiscent of the biblical narrative their experience is formed by the expectation that what people in biblical times experienced is to be repeated today pentecostals engage in narrative theology based on and described in terms of the narrative texts in the bible this book suggests that in their exegetical labors pentecostals should consider utilizing the results of an historical analysis combined with a functional and semiotic analysis to interpret narrative texts these methods are described then demonstrated using daniel 1 and 2 series theology in africa vol 8 subject religious studies african studies pentecostalism christian studies

austin farrer has often been described as the one genius that the church of england produced in the twentieth century he wrote and spoke widely as a philosophical theologian a biblical scholar and as a preacher farrer s philosophical work is read widely and some of his sermons are still in print forty years after his death his biblical writings however have been largely ignored even at the time they were written robert titley asks whether in respect of his work on the gospel of mark this neglect is justified titley s approach is from three angles looking at farrer on mark as literature as history and as scripture farrer s reflections are far from simple and they show that these apparently simple categories literature history and scripture are themselves in need of refinement if they are not to mislead titley examines two major texts of farrer s his 1948 bampton lectures published as the glass of vision and his a study in st mark 1951 other works notably his second look at gospel interpretation st matthew and st mark 1954 and several lectures articles and sermons are also significant farrer s essential observation about mark and other biblical writings is that they are the products of creative poetic minds titley argues that while farrer makes an error in treating mark as poetry rather than prose narrative he nevertheless shows remarkable prescience when his work is viewed in the light of the subsequent emergence of a literary paradigm in gospel interpretation in particular titley demonstrates that a conversation with farrer s work has something to contribute to the continuing debate about whether and if so how to take account of authorial intention in reading a text and about what significance if any can be given to statements about what a text means

this book is based on the belief that deep subject knowledge of language and literature provides a foundation for effective teaching and learning it provides a comprehensive guide to the range of genres and characteristic features of english language fiction written
